Subject: dicamba

I spoke to Dan Jenkins on Friday regarding the synergy data that Dow has on dicamba and glyphosate

He said no problem, the product isn't coformulated

I asked if he was willing to put a do not tank mix with glyphosate on the dicamba label

He said they would and would figure out the synergy stuff later

So we should proceed with our reviews/actions

Let me know if there are any issues with meeting the end of year deadline as a proposal

thanks

Jack E. Housenger, Director
